4a. Bullying is **NOT** an issue in school. (Bullying is an ongoing and deliberate misuse of power in relationships through repeated verbal, physical and/or social behaviour that intends to cause physical, social and/or psychological harm. We teach the children it is 'several times on purpose' STOP. It is not one off 'isolated' incidents.)

My child absolutely loves coming to school and is thriving from the support they are getting.

My child doesn't feel fully safe at the moment. I've told my child to speak up and not be afraid of other children.

We hugely value the school and all the team that work there. It provides a fantastic quality of education that is broad and rich whilst promoting high academic standards,. The huge variety of experiences and opportunities that the children get is just fantastic. Thank you!

Super school, really happy my children attend the school. I would like to see more time given to allow girls and some boys to play netball or use the playground for other play rather than it always be taken over by football. Seems a shame that the yard had the painting done on it but it is often used to play football on so the children don't get to use it for other activities.

We feel very fortunate that our child has been able to attend such an amazing school. It provides a safe and nurturing environment where children are able learn about themselves and others, are encouraged to try new things and develop new skills. The school also provides a diverse array of learning experiences both in and out of school.

I have only put don't know as my child is in pre school so doesn't get homework
