1. Introduction

Our school is inclusive; we focus on the well-being and progress of every child and we are committed to ensuring all members of our community are equally valued.

We believe that the Equality Act provides a framework to support our commitment to valuing diversity, tackling discrimination, promoting equality and fostering good relationships between people. It also ensures that we continue to tackle issues of disadvantage and underachievement.

We recognise that these duties reflect international human rights standards as expressed in the [UN Convention on the Rights of the Child](#), the [UN Convention on the Rights of People with Disabilities](#), and the [Human Rights Act 1998](#).

Our approach to equality is based on 7 key principles:

1. **All learners are of equal value.** Whether or not they are disabled, whatever their ethnicity, culture, national origin or national status, whatever their gender and gender identity, whatever their religious or non-religious affiliation or faith background and whatever their sexual orientation.
2. **We recognise, respect and value difference and understand that diversity is a strength.** We take account of differences and strive to remove barriers and disadvantages which people may face, in relation to sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity. We believe that diversity is a strength, which should be respected and celebrated by all those who learn, teach and visit here.
3. **We foster positive attitudes and relationships.** We actively promote positive attitudes and mutual respect between groups and communities different from each other.
4. **We foster a shared sense of cohesion and belonging.** We want all members of our school community to feel a sense of belonging within the school and wider community and to feel that they are respected and able to participate fully in school life.
5. **We observe good equality practices for our staff.** We ensure that policies and procedures benefit all employees and potential employees in all aspects of their work, including in recruitment and promotion, and in continuing professional development.
6. **We have the highest expectations of all our children.** We expect that all pupils can make good progress and achieve to their highest potential.
7. **We work to raise standards for all pupils, but especially for the most vulnerable.** We believe that improving the quality of education for the most vulnerable groups of pupils raises standards across the whole school.

2. Purpose of the Policy

The Equality Act 2010 was introduced to ensure protection from discrimination, harassment and victimisation on the grounds of specific characteristics (referred to as protected characteristics). This means that schools cannot discriminate against pupils, staff or the wider school community or treat them less favourably because of their sex (gender), race, disability, religion or belief, gender reassignment, sexual orientation or pregnancy or maternity.

Age and marriage and civil partnership are also “protected characteristics” and although are not part of the school provisions related to pupils, would apply to staff and the wider school community.

The Act requires all public organisations, including schools, to comply with the Public Sector Equality Duty (PSED) and two specific duties:

The Public Sector Equality Duty or “general duty”. This requires all public organisations, including schools, to:

- eliminate unlawful discrimination, harassment and victimisation;
- advance equality of opportunity between different groups;

- foster good relations between different groups.

Two “specific duties”. This requires all public organisations, including schools, to:

1. publish information (the Policy) to show compliance with the Equality Duty;
2. publish equality objectives at least every 4 years which are specific and measurable.

This Policy describes how our school, which has very limited resources, is meeting these statutory duties and working hard to ensure that equality is at the core of all that we do. This document is supported by our Equality Objectives Action Plan which demonstrates how we intend to ensure that principles of equality are embedded into our school and community life.

We utilise a PSED checklist for school staff and governors to help assess the school’s compliance with our PSED duties. Further information on how the Equality Act applies to schools can be found in the Department for Education (DfE) document [Equality Act 2010: advice for schools](#).

3. Links to other policies and documentation

Although this Policy is the key document for information about our approach to equality in line with the Public Sector Equality Duty, evidence of our commitment to our responsibilities under the Equality Act can also be found in our:

- Accessibility Plan
- Admissions procedures
- Behaviour Policy
- Equality training materials
- Governing body minutes
- Parent and pupil surveys
- Child Protection Policy and procedures
- Code of conduct for staff and other adults
- School performance data
- School website and newsletters
- Self-evaluation reviews
- SEND Policy
- School development plans

As a school we also collect the following information, broken down by race, religion or belief, sex, disability and, where relevant, sexual orientation, gender reassignment, pregnancy and maternity, marriage and civil partnership, and age:

- School admissions
- Pupil attainment and progress
- Prejudice-related incidents
- Sanctions (including suspension and exclusion)
- Staff recruitment and selection

The Equality Act also applies to schools in their role as employers, and the ways in which we comply with this are found in our Recruitment and Selection procedures.

4. Our school profile

Crosby Ravensworth CE School is a small, rural primary school located in the Eden Valley, providing high-quality education in a unique and supportive community. The school has experienced fluctuations in pupil numbers, with a decline from 42 in Sept 2012 to 24 in Sept 2024 but is projected to reach 49 by September 2029, a rise of 104% over five years. Recognising the anticipated growth, from January 2025, the school established an additional Early Years classroom. The Crosby Ravensworth United Schools Foundation continues to play a crucial role in financially supporting the school, ensuring stability and enabling ongoing improvements. The school’s strong links with local Anglican, Methodist, and Independent churches enrich pupils’ spiritual and moral development.

The school offers wrap-around care (8 AM – 5 PM) and extended its provision to include 3-year-olds following the closure of the on-site PVI nursery in 2018. Staffing remains stable, a key strength, with highly skilled and dedicated teachers and support staff.

No pupils are eligible for Pupil Premium funding. While the school's demographic remains predominantly White British with English as a first language for all pupils, there has been a recent increase in diversity within our school community.

- Four pupils currently have pupil support plans (PSPs) for SEN.
- No pupils have EHC plans.
- No pupils have access to pupil premium.

In the term before starting school in September, all children who applied for a place were offered visits to the school which allowed them to settle into the school environment and allowed the EYFS staff to get to know them and make initial assessments of and form relationships with pupils ready for their start. Similarly, all potential new-starters to our pre-school class are encouraged to attend half-termly 'pop n play' sessions', which also helps new parents to settle in to the school community.

Our catchment area takes in the villages of Reagill, Sleagill, Maulds Meaburn and Kingsmeaburn and several other small rural villages, hamlets and isolated farms. There are few amenities available locally. Average house prices within our parish are typically around £100,000 above average house prices in Cumbria as a whole, meaning that affordable housing can be an issue for families who want to stay within our catchment area. Families are attracted by our school's reputation and our breakfast club which operates from 8.00am and after-school club which operates to 5pm each evening.

We have several vulnerable groups including those with special educational, learning and medical needs.

We have never had problems attracting staff and have a full teaching staff complement with very generous pupil to teacher ratios.

As a VA school, our governing body handles admissions to the school. When we are made aware of pupils who are joining the school with special educational needs or disabilities, we arrange to meet the pupil and parents or carers and involve professionals from the LA and Health Authority to ensure any adjustments required to our buildings or curriculum are made in readiness for them starting school. The school is level throughout the building enabling access to wheelchair users. Our reception area is accessible to people with disabilities; we have one disabled toilet.

Information for parents and others is provided in verbal and written form and we offer it in alternative formats on request e.g. another language, braille etc.

Recruitment procedures are based on those provided by our LA with all advertising being processed through the Council HR and Advertising Team.

Note: If we do not provide actual figures in relation to pupils or staff from ethnic minorities or any other equality group with protected characteristics it is because they are a small number of people and we must maintain their privacy. We are also not required to collect any statistical data which we do not already collect routinely e.g. RAISE online and other data.

5. What we are doing to eliminate discrimination, harassment and victimisation

- We take account of equality issues in relation to admissions and exclusions; the way we provide education for our pupils and the way we provide access for pupils to facilities and services.
- We are aware of the Reasonable Adjustment duty for disabled pupils – designed to enhance access and participation to the level of non-disabled pupils and stop disabled children being placed at a disadvantage compared to their non-disabled peers.
- The Head teacher ensures that all appointment panels give due regard to this Policy so that no one is discriminated against when it comes to employment, promotion or training opportunities.
- We actively promote equality and diversity through the curriculum and by creating an environment which champions respect for all.

- Our admissions arrangements are fair and transparent, and we do not discriminate against pupils by treating them less favourably on the grounds of their sex, race, disability, religion or belief, sexual orientation, gender reassignment, pregnancy or maternity.
- We carry out Equality Impact Assessments (EIAs) on all new policies, practices, events and decision-making processes to ensure that they are fair and do not present barriers to participation or disadvantage any protected groups from participation.
- We challenge all forms of prejudice and prejudice based bullying.

Behaviour, exclusions and attendance

The school policies on behaviour and attendance take full account of our duties under the Equality Act. We make reasonable, appropriate and flexible adjustment for pupils with a disability. We closely monitor data on exclusions and absence from school for evidence of overrepresentation of different groups and take action promptly to address concerns.

Addressing prejudice and discriminatory-based bullying

The school challenges all forms of prejudice and discriminatory-based bullying, which stand in the way of fulfilling our commitment to inclusion and equality, including:

- prejudices around disability and special educational needs.
- prejudices around race, religion or beliefs.
- prejudices around gender and sexual orientation.

6. What we are doing to advance equality of opportunity between different pupil groups

- We know the needs of our school population very well and collect and analyse data in order to inform our planning and identify targets to achieve improvements. We take action to close any gaps, for example, for those making slow progress in acquiring age-appropriate literacy and number skills. We also ensure children from all groups are challenged to reach higher levels.
- We have procedures, working in partnership with parents and carers, to identify children who have a disability through our pupil admissions meetings and home visits.
- We collect, analyse and use data in relation to attendance and exclusions of different groups.
- We use a range of teaching strategies that ensures we meet the needs of all pupils.
- We are alert and proactive about the potentially damaging impact of negative language in matters such as race, gender, disability and sexuality.
- We ensure equality of access for all pupils to a broad and balanced curriculum, removing barriers to participation where necessary.
- Our school has an accessibility plan that is reviewed every 3 years or when a significant change has taken place. The Plan is published on the school website.
- We will take positive and proportionate action to address the disadvantage faced by particular groups of pupils with particular protected characteristics, such as targeted support. The actions will be designed to meet the school's Equality Objectives.

7. What we are doing to foster good relations

- We prepare our pupils for life in a diverse society and ensure that there are activities across the curriculum that promote the spiritual, moral, social and cultural development of our pupils.
- We teach about difference and diversity and the impact of stereotyping, prejudice and discrimination through PSHE and citizenship and across the curriculum.
- We use materials and resources that reflect the diversity of the school, population and local community in terms of race, gender, sexual identity, disability and avoiding stereotyping.
- We promote a whole school ethos and values that challenge prejudice-based discriminatory language, attitudes and behaviour.

- We provide opportunities for pupils to appreciate their own culture and celebrate the diversity of other cultures.
- We include the contribution of different cultures to world history and that promote positive images of people.
- We provide opportunities for pupils to listen to a range of opinions and sympathise with different experiences.
- We promote positive messages about equality and diversity through displays, assemblies, visitors and whole school events.

In order to ensure that the work we are doing on equality meets the needs of the whole school community we:

- review relevant feedback from the annual parent questionnaire, parents' evening, parent-school forum and/or focus meetings or governors' parent-consultation meeting.
- secure and analyse responses from staff surveys, staff meetings and training events.
- review feedback and responses from the children and groups of children from the School Council.
- ensure that we secure responses and feedback at Governing Body meetings.

8. Publishing equality information and objectives

We identify and publish equality objectives on a four-year cycle. The objectives are reviewed each year by the school's Governors and SLT and are available on our website. We are happy to provide our equality objectives in other formats if requested.

We have a template for publishing school equality objectives on our website and use guidance on writing equality objectives to ensure that our objectives are SMART (Specific, Measurable, Achievable, Relevant and Time-bound).

In line with DfE guidance on what we must or should publish on the school website, we will consider collecting and publishing governing board members' diversity data so that such information is widely accessible to members of the school community and the public.

9. Roles and responsibilities

We expect all members of the school community and visitors to support our commitment to promoting equality and meeting the requirements of the Equality Act. We will provide training, guidance and information to enable them to do this.

Governing Body

The Governing Body is responsible for ensuring that the school complies with legislation, and that this Policy and its related procedures and action plans are implemented.

Every governing body committee keeps aspects of the school's commitment to the Equality Duty under review, for example, in terms of standards, curriculum, admissions, exclusions, personnel issues and the school environment. Equality objectives are set every four years by the Governing Body. The Governing Body assess the success in reaching the objectives annually.

Head teacher and Leadership team

The Head teacher is responsible for implementing the Policy; for ensuring that all staff are aware of their responsibilities and are given appropriate training and support; and for taking appropriate action in any cases of unlawful discrimination.

A senior member of staff has day-to-day responsibility for co-coordinating implementation of the Policy and for monitoring outcomes.

Teaching and support staff

All teaching and support staff will:

- promote an inclusive and collaborative ethos in their classroom;
- challenge prejudice and discrimination;
- deal fairly and professionally with any prejudice-related incidents that may occur;
- plan and deliver curricula and lessons that reflect the school's principles, for example, in providing materials that give positive images in terms of race, gender and disability;
- maintain the highest expectations of success for all pupils;
- support different groups of pupils in their class through differentiated planning and teaching, especially those who may (sometimes temporarily) find aspects of academic learning difficult;
- keep up to date with equality legislation relevant to their work.

We will provide training and guidance on equality for all staff in our staff handbook (see sample [PSED statement for staff handbook](#)). This is reviewed annually and introduced to staff at the start of the year. The handbook is introduced to all new members of staff.

Pupils

Pupils are expected, and will be supported, to:

- be involved in the development of the Policy to help them understand how it relates to them in an age or ability appropriate way;
- act in accordance with any relevant part of the Policy;
- experience a curriculum and environment which is respectful of diversity and difference and prepares them well for life in a diverse society;
- understand the importance of reporting discriminatory bullying and racially motivated incidents;
- help us ensure our peer support programme promotes understanding and supports pupils who are experiencing discrimination.

Visitors

All visitors to the school, including parents and carers, are expected to support our commitment to equality and comply with the duties set out in this Policy. We will provide guidance and information to enable them to do this. Information will be placed on the school website (see sample [PSED statement for school website](#)) and on parent information boards.

10. Equal opportunities for staff

This section deals with aspects of equal opportunities relating to staff. We are committed to the implementation of equal opportunities principles and the monitoring and active promotion of equality in all aspects of staffing and employment.

- All staff appointments and promotions are made on the basis of merit and ability and in compliance with the law.
- We are also concerned to ensure, wherever possible, that the staffing of the school reflects the diversity of our community.
- As an employer we strive to ensure that we eliminate discrimination, sexual harassment, harassment and victimisation in our employment practice and actively promote equality across all groups within our workforce.
- We respect the religious beliefs and practice of all staff, pupils and parents, and comply with reasonable requests relating to religious observance and practice.
- We ensure that all staff, including support, administrative staff, and others employed on a regular basis by external organisations, receive appropriate training and, where applicable, opportunities for professional development, both as individuals and as groups or teams.

11. Monitoring and reviewing the Policy

We update and re-publish our Equality Policy as necessary, our school profile and objectives annually to account for the September intake or staffing changes and how they affect diversity in school, and the action

plan no less than every 4 years. We will also review our action plan in brief annually in light of any new objectives to ensure our longer-term goals remain relevant.

12. Disseminating the Policy

This Equality Policy, along with the Equality Objectives and related information, is available:

- on the school website.
- as paper copies in the school office.
- in the staff handbook/Code of Conduct.
- on display for visitors, including parents and carers.

We publish copies of relevant Policies and guidance, including those on behaviour, admissions and special educational needs, on our school website.

13. Complaints

Complaints arising from the operation of this Policy will be dealt with in line with the school's complaints procedure.

Complaints by staff will be dealt with under the Grievance Procedure, as appropriate. For more information please see the staff grievance procedure.

We take all complaints seriously and will take appropriate action to eliminate discriminatory behaviour.

We will monitor complaints to help establish whether we are meeting our equality duties and report regularly to the Governing Body about the nature of complaints made and action taken.

Public Sector Equality Duty - template for publication of equalities objectives

EQUALITY OBJECTIVE 1
To continually monitor and narrow any gaps in attainment or progress between boys and girls in reading, writing and maths over a four-year period (2025–2029), using internal tracking and pupil progress data.
Why we have chosen this objective:
Internal assessment data over the past two academic years shows a consistent pattern of boys underachieving in reading and writing compared to girls, particularly in Key Stage 2. Although all pupils are making progress, a noticeable gender gap remains. Addressing this will help ensure that all children, regardless of gender, have equal opportunities to achieve.
To achieve this objective, we plan to:
• Termly analysis of attainment and progress data by gender. • Identify individual pupils or groups who require targeted intervention or enrichment. • Provide tailored support through small group interventions, guided reading, and writing boosters. • Ensure texts and resources used in class reflect diverse interests and avoid gender stereotypes. • Monitor the impact of interventions at pupil progress meetings. • Allocate staff time for analysis and interventions; use Pupil Premium where applicable.
Progress we are making towards achieving this objective:
To be added

EQUALITY OBJECTIVE 2
To broaden pupils' cultural awareness by providing at least one curriculum-linked visit or experiences in urban, multi-ethnic or multi-faith settings each year up to July 2029.
Why we have chosen this objective:
As a small, rural and predominantly white school, our pupils have limited day-to-day exposure to cultural, ethnic and religious diversity. Building cultural capital and fostering good relations are key parts of our curriculum and values. We want to ensure our children are prepared for life in modern Britain and have meaningful opportunities to learn about and engage with other communities.
To achieve this objective, we plan to:
• Plan and budget for termly trips to locations such as places of worship, cultural museums, or city schools. • Establish a link with an urban partner school to support shared learning projects or virtual exchanges. • Ensure RE and PSHE units are linked to real-life experiences and follow-up activities. • Incorporate cultural and global themes into whole-school assemblies and displays. • Use pupil voice surveys to evaluate the impact of visits on understanding and attitudes.
Progress we are making towards achieving this objective:
To be added

EQUALITY OBJECTIVE 3
To ensure that by July 2026 , 100% of shared school displays and classroom reading areas include visible representation of diverse ethnicities, cultures, and family types.
Why we have chosen this objective:
Although we are a small and relatively homogenous school community, we believe all children should see themselves and others positively represented in their learning environment. Display materials, classroom texts and resources must reflect the diverse world our pupils are growing up in, to foster inclusion, representation and positive attitudes towards difference.
To achieve this objective, we plan to:
• Audit current classroom displays, shared areas and book corners for diversity and representation. • Update corridor and hall displays each term with themes that include race, religion, culture, and family diversity. • Provide each class with updated books and texts reflecting a range of cultures and identities. • Include diversity criteria in curriculum planning for English, PSHE and RE. Monitor changes through learning walks, book audits, and pupil voice.
Progress we are making towards achieving this objective:
